

Consent to Treat Minor Patient w/o Parent/Legal Guardian Present

By law, any child under the age of 18 years old cannot be seen by a doctor without consent from a parent or legal guardian. If the minor arrives with someone other than a parent or legal guardian, we must have written permission from the parent or legal guardian that this person has been appointed by you to act on your behalf.

We must also have on file any required signed Medical History Updates or signed Treatment Plans prior to your child being treated by one of our doctors.
